Really useful in  
COVID-19 condition

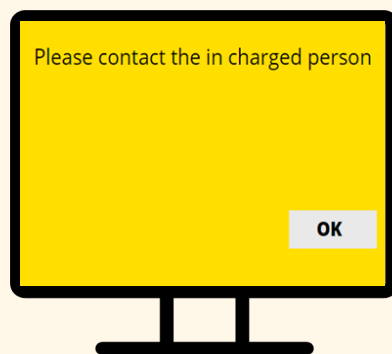

## BEST FEATURES

- Quickly record employees health status
- Instantly in managing & tracing data
- Easy to install and easy to use
- Only cost 7 seconds for 01 employee

**Quickly record  
the health  
checking status**

Computer with touch screen, each employee only takes about 7 seconds to check maximum 16 conditions

**Automatic facial recognition &  
temperature measurement**

The system immediately alerts when employee gets any abnormal problem

**BEFORE**

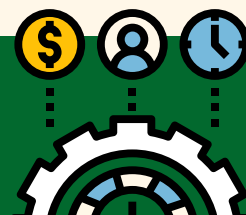

Manager can not track employees' health status in real- time

**AFTER**

- ① The manager does not need to come to confirm the information on paper.
- ② Data management has also become simpler.
- ③ It is very useful when there is any incidents, the data can be traced immediately for proper prosecution.

**FEEDBACK FROM CUSTOMERS**

Support  
multiple  
languages

**QUICK CHECKER**
